Subject: Fw: EPA letter on BDCP Purpose

Enrique -

Attached to Karen Schwinn's message, below, is the letter to the other agencies working on the Bay Delta Conservation Plan (BDCP), documenting EPA's concerns regarding the purpose of the BDCP, that I mentioned to you during yesterday's managers' meeting. I reviewed the draft yesterday, and thought it looked quite good. You were already gone for the day when Karen stopped by with the original for your signature last night. She came back this morning, thinking that Fran could sign for you, but Fran was also out today, so I signed for you. I hope I didn't overstep. You seemed comfortable with the idea of the letter yesterday, Water Division was eager to get it out the door (Alexis had already signed), and, in my judgment, it was well written and consistent with NEPA regs and policy.

-Kathy

Subject: EPA letter on BDCP Purpose

As we've discussed over the last several months, EPA has serious concerns with the current BDCP Purpose

statement. Given the inability to resolve this at our level and the tight time frame for producing the DEIS, we have elevated the issue within EPA, resulting in this letter, which is being sent to the lead federal agency directors today. Given our previous discussions, nothing here will be new to you. - Karen
